Today is World Communications Day Today, Catholics are encouraged to pray for all those professionals who work in Communications and particularly for those who are responsible for communicating on behalf of the Catholic Church in this country. Pope Francis reminds us that "God is not Solitude, but Communion; because love always communicates". The communications office of the Catholic Bishops' Conference of England and Wales supports the bishops, in their witness and engagement with current issues, and the Church more widely in promoting the Gospel through digital, social, print and broadcast media. The office is the central point for media enquiries and is a key resource for national and international media professionals. It also plays an important role in developing the public profile of the Church through word and image. A retiring collection will be taken to fund this important work. Please help us continue this work through contributing generously to the collection or donating online at <http://www.catholicnews.org.uk/donate-wcd>. Cards with more details available at the back of church.
